HASSAN OSMAN

Final-Year BSc Computer Science Student | Aspiring Software
Engineer | Full-Stack Developer | Python • JavaScript • React • PHP
• SQL | AI/ML Enthusiast | Cybersecurity Aware | Open to Remote
Roles & Internships
Nairobi County, Kenya

Summary

I'm Osman Hassan — a final-year BSc. Computer Science student at
Mount Kenya University with a strong passion for building practical,
scalable technology solutions.

My expertise spans full-stack web development, Python
programming, and modern frontend frameworks. I've led and
contributed to projects ranging from AI-powered web platforms
to mobile apps for job matching, ticketing systems, and wildlife
monitoring.

Core Competencies: Python • JavaScript • PHP • SQL • React •
RESTful APIs • Cybersecurity • UI/UX Design
Certifications: Google & Coursera (Data Analytics, Privacy Law,
Generative AI Tools)
GitHub: github.com/OSMANHASSAN-dev

Currently seeking junior developer roles, remote internships, or
collaborative opportunities in tech-driven innovation.

Education

Mount Kenya University - MKU
Bachelor of Science - BS, Computer Science · (September 2023)
